Starrett has introduced two new handheld force gages - the DFC and DFG. Starrett force gages come with a standard 3-year warranty and Certificate of Calibration traceable to NIST. Starrett delivers better solutions for your force measurement applications.

DIGITAL FORCE TESTERS
The new FMM Digital Force testers ensure accurate, precise and repeatable results. Combine with our L1 software or with our DFC Force Controller or DFG Force Gage for an economical solution for your testing applications. Six new models available today. Compact design. Simple operation. Easy-to-use and easier to maintain.

FORCE TESTERS
The new MTL-110 is ideal for basic, manual force testing. The easy action lever ensures smooth, consistent tensile or compressive force on your testing sample. Add our new DFG Force Gage for a very economical testing solution for small parts, springs, components, and more. Available in both vertical and horizontal formats.

The new MTH-550 provides precision crosshead control to a load capacity of 550 lbf (2500N). Rotating the handwheel moves the worm gear assembly 0.03" (0.76mm) per revolution. The MTH-550 has a full 4" (101mm) stroke.
